The Ways of Charles Darwin

TOUR DESCRIPTION:

Continuing our expedition, we will visit Fonte Ana and Trindade, immersing ourselves in the natural beauty and cultural richness of the island. Along the way, we will learn about the local society and the cultural shock experienced by Darwin during his time in Cape Verde.

As we explore Santiago, we will delve into Darwin's studies of nature, including his observations of animals, plants, and rocks. These in-depth studies laid the foundation for his groundbreaking theory of evolution, which forever changed our understanding of the natural world.

Our journey will be accompanied by the enchanting melodies of Creole music, particularly the rhythmic beats of batuque, adding another layer of richness to our experience.

Just like the young Charles Darwin, who arrived in Cape Verde as a student with a thirst for knowledge, we will see the island through fresh eyes and gain a deeper understanding of its beauty and complexity.

Join us on this extraordinary trip as we follow in the footsteps of a visionary scientist and explorer, and uncover the wonders of Santiago, Cape Verde.

Place	Praia - Santiago - Cape Verde
Tour Name:	Full Day Tour Charles Darwin (09:00 to 17:00)
Duration:	8hours
Minimum Requirement:	18 Pax
Maximum Capacity	120 Pax
